## **KM International, Stearns Bank offer financing incentives**

Partnership creates special programs for equipment purchases through the end of the year

NORTH BRANCH, MICH. – KM International has partnered with Stearns Bank to offer special financing for KM International's equipment through the end of the year.

Stearns Bank has been a leading lender in the equipment finance industry for more than 100 years and has a proven track record of offering best-in-class equipment financing options. Stearns will offer incentives such as 0% down, seasonal skip payments, and no payments for three months, just to name a few.

"Stearns Bank has assisted us in creating an individualized financing plan to help get equipment to our customers faster and cheaper than ever before," said Michael Blake, director of marketing for KM International.

"Stearns Bank specializes in equipment financing and takes the time to really understand customers' needs, and we at KM International feel that is an important aspect of equipment financing."
