KM International welcomes newest territory manager

NORTH BRANCH, Mich. — KM International is proud to welcome its newest territory manager, Jesse Gregory, to the sales team.

A resident of Lapeer, Mich., Gregory brings with him seven years of experience in finance management and sales through his work with a Chevrolet dealership. His dedication to providing clients with knowledgeable, personalized, efficient, and friendly customer service makes him a perfect fit for the KM International team, and Gregory speaks just as highly of his new workplace.

“The team at KM International has been great to work with through the entire onboarding process,” he said. “They make a great product and, most importantly, care about each individual customer.”

Outside of work, Gregory enjoys hunting, fishing, kayaking, cross-country skiing, and just about anything else that allows him to spend time outdoors during every season of the year.

KM International, a leading manufacturer of road maintenance equipment, takes pride in its welcoming, supportive environment for new and existing employees alike, and is thrilled to welcome Jesse Gregory to the team.
